Dr. Joshua Lederberg  
Department of Genetics  
University of Wisconsin  
Madison 6, Wisconsin

Dear Dr. Lederberg:

We have completed recently an inventory of the material in the S.A.B. Archives. This survey reveals that unfortunately no collection has been made for this file of the information concerning the recipients of the Eli Lilly Award and we desire very much to obtain this material for the Archives. I am, therefore, sending this letter to each recipient of the award in the hope that it will still be possible to assemble this file.

We would appreciate your sending the material listed below or as much of it as is available now and ask that items not now available be sent later. The desired material includes:

1). One, preferably two, reprints of the published paper containing the Lilly Award Address or, if not published, a copy of the manuscript of the address.

2). A copy of the citation read by the President of the Society at the time of the award.

3). A photograph, preferably signed, and permission for release of copy if requested.

4). A copy of your complete bibliography, at least to the date of the award.

Thanking you in advance, I am

Sincerely yours,

L. S. McClung  
Chairman, Archives Committee  
S. A. B.
